Mission Maze

CELEBRATE
WONDER[™]

Session 6 • Ages 6–8

Help the disciples spread Jesus' message by getting them to the world.

The Great Commission

Christianity

Christianity was started more than 2,000 years ago by people who followed Jesus. People who follow Jesus are called "Christians." Christianity is the world's largest religion. Christians believe in one God and trust that God is always there. In AD 392, Christianity became the official religion of the Roman Empire.

Christianity is practiced in many ways around the world. One of the really cool things about our faith is that there are so many ways to worship God and to spread the message of Jesus!

Christians living in the Americas make up 37% of Christians in the world. Christianity is the biggest in America.

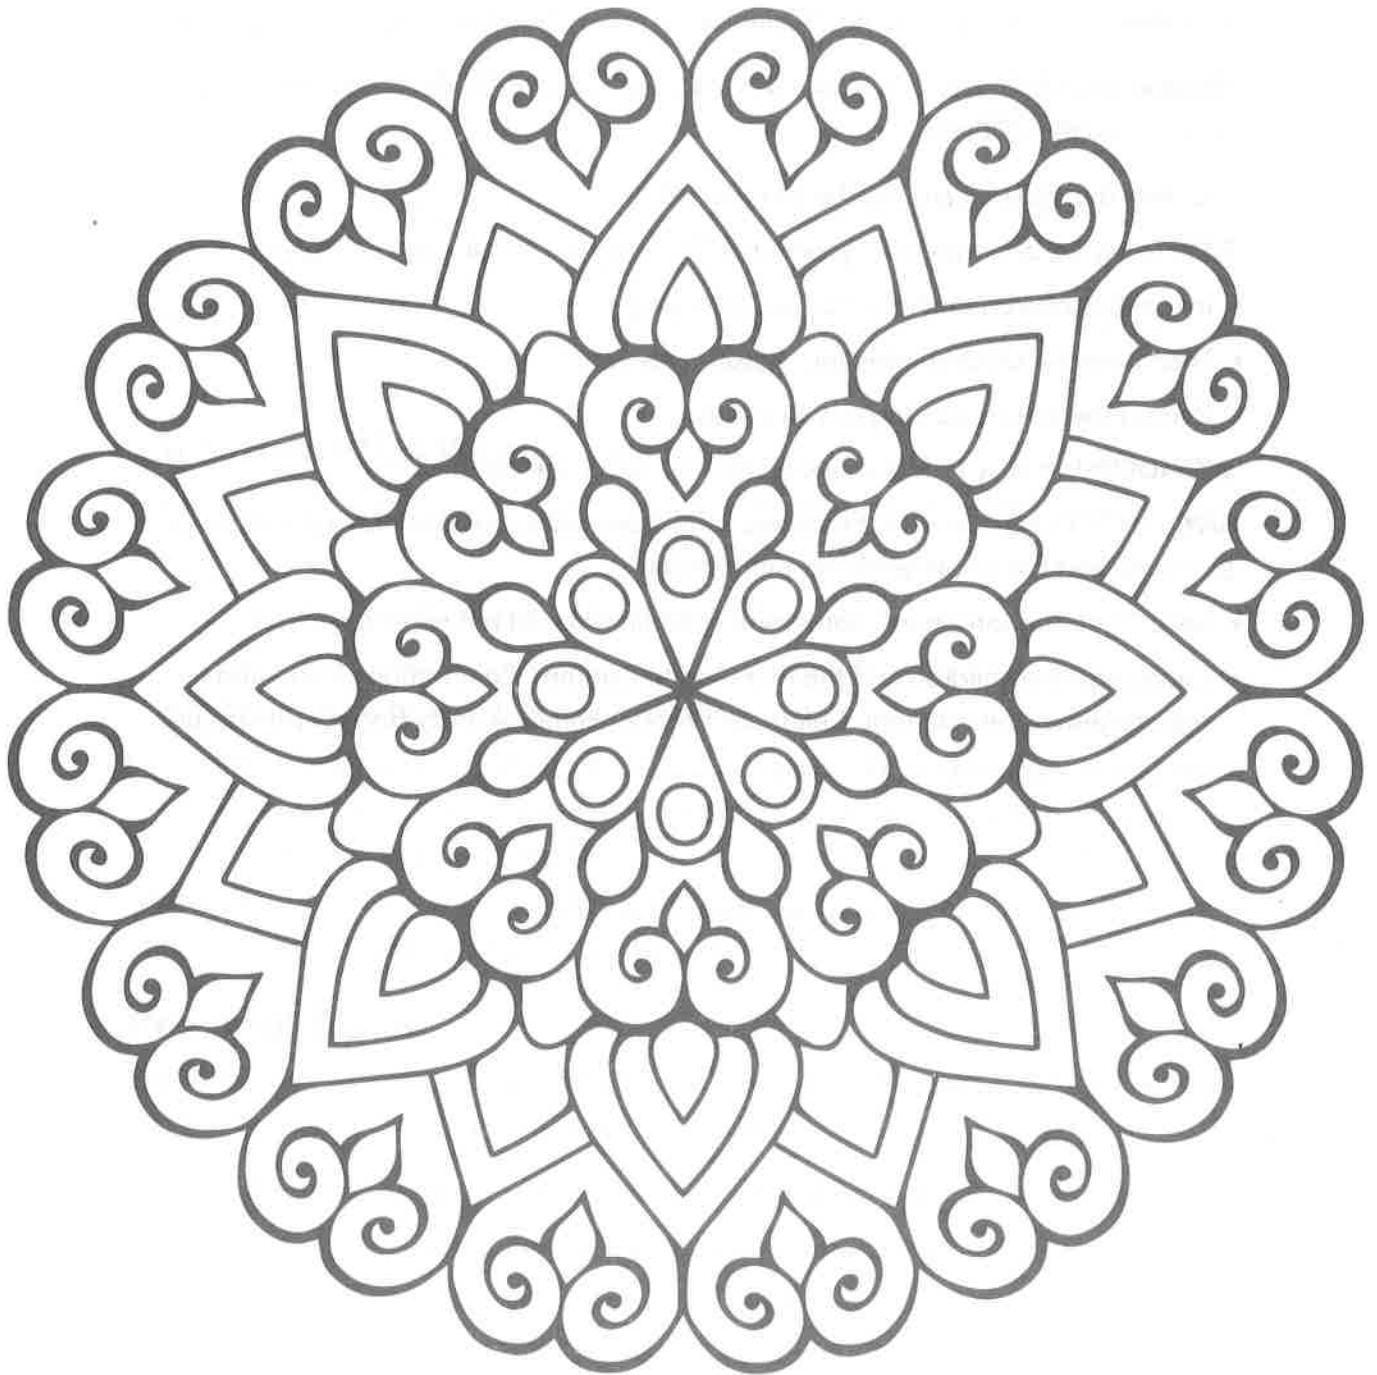

When Jesus' disciples went out into the world, many different Christian traditions spread. Christianity is divided up into different traditions: Protestant, Catholic, Orthodox, and other traditions. Although these traditions have some different practices and beliefs, all are followers of Jesus.

What are some of your faith traditions?

What do you believe about Jesus?
