One month in and we all survived. Tuition was processed, teachers got paid, and kids were lovingly cared for. I call that a success!! I feel very blessed to lead this wonderful Child Care.

You may have noticed some nice upgrades. The bathroom project is complete, the security system is working great, and some of the classroom have new chairs and tables. Wondering how we are paying for all of this? We had secured a grant from the state. The last of the grant money must be spent this summer. It has been exciting to make upgrades that come at no cost for us.

July Ideas

The Preschool teacher in me is always looking for fun projects. I thought this would be a fun and easy project

Homemade Sidewalk Puffy Paint

- In a large mixing bowl stir together equal parts of flour and water until there are no lumps.
- Stir in the dish soap to the flour mixture.
- Add food coloring of your choice of color until the desired color is achieved.
- Pour the mixture into your squeeze bottle.
- Give the kids their new sidewalk paint and let them have fun!
